

PICAPCPU graphical display of a month of CMT-data from different sources

this PDF was made by PICC15 V1.12 invoked on 2009-06-28 at 09:22

Shown are the half hour recorded CMT-values from up to four tables. The tables were:

- ZVSE01
- none
- none
- VSE250

The commentlines from these tables can be found on the bottom of this page.
All extracts cover 01/09

This is the evaluation version

Data collected on a VM/VSE 450 MIPS or so
ZVSE01

Data collected on a VM/VSE 450 MIPS or so
VSE250
